ADHESIVE HOOF REPAIR SYSTEM

Step-By-Step Guide

The Equilox Adhesive Hoof Repair System is the farrier's best tool for fixing old problems. Equilox Adhesive is an extremely flexible resin for easy shaping and filing that tightly bonds to the natural hoof and remains intact to endure tremendous pressure—even nailing.

THE EQUILOX ADVANTAGE

From repairing small quarter cracks to reconstructing an entire hoof wall, Equilox Adhesive is the farrier's best tool for the job when compared to the other most commonly used product. For more information, please visit: www.equilox.com/whyEquilox/whyEquilox.html
