KAUFFMAN'S® PREMIUM EQUINE PRODUCTS

Equine Nutritional Products

KAUFFMAN'S Premium Equine Products has been a trusted brand of equine nutritional products and supplements since 1978. We have several decades of experience providing the very best supplements for horses across the country.

Our equine products are especially helpful for nutritional and health conditions that can be managed or corrected through the horse's diet. We offer health and performance solutions for joints, hooves, digestion, behavior, muscle health, weight, hydration, coat and skin, and more.

KA-HI Premium Equine Supplements are recognized for their ability to deliver results not only by horse owners but also by major publications and rating agencies. For farriers and owners too, here are three of those products that can help build and maintain strong, healthy hooves!

Integri-Hoof™

Chosen "Top 10" Equine Product and #1 Recommendation for Hoof Supplements!

Formulated with the precise ratios and amounts of nutrients working together to support cracked hooves and maintain hoof walls. Use daily to help support normal hoof growth and grow strong, tough hooves.

Integri-Hoof was selected by Horse Journal as a "Top 10" Equine Product and was chosen as the #1 Recommendation for Hoof Supplement, beating out 28 products for the honor (May 2009).

Calming Pellets™

Winner of the 2013 Good Horsekeeping Calmer Challenge!

Calming pellets provide specially formulated levels of magnesium, Vitamin B1 and Inositol, to promote a sense of relaxation and mental alertness without drowsiness. Does not contain added tryptophan.

Designed to help maintain normal emotional balance and help cope with external stresses, including during normal hoof care and maintenance.

Coat, Skin & Weight™

Selected as a Horse Journal Editor's Choice in December 2013!

A unique coat, skin and weight supplement that features our proprietary blend of flaxseed, fish oil, and fenugreek with dried yeast, enzymes, live (viable) micro-organisms, vitamin B-1 and magnesium. Helps animals achieve a soft, silky, shiny and healthy coat.

With extensive experience dealing with horses across the country, we make our supplements with premium ingredients that promise to give your horse the very best support for their needs. We understand your horse is important to you. It is our passion to do our best to ensure that we can provide the high-quality products that today's equine athletes require.

Contact us today to learn more about how KAUFFMAN'S Premium Equine Supplements can help you and your customers provide their horses with the support they need, from the ground up.
