

HOOF-LIFE

HOOF SUPPORT SYSTEM

"A Sound Solution"

HOOF-LIFE family of hoof care products.

HOOF-LIFE Acrylic is a modern adhesive designed to withstand the rigors of equine activity both indoors and outdoors. This product is perfect for rebuilding hoofs and repairing quarter cracks and is nailable, making it the next best thing to natural hoof wall. **HOOF-LIFE** is available in two formulations, regular and swift set, in a number of cartridges and pots.

HOOF-LIFE Silicone Putty is formulated specifically for industrial use and is perfect for shock absorption and hoof support. Two formulations are available: firm support and super cushion. Benefits include: orthopedic support for the coffin bone; increased blood circulation; conforms to hoof; does not shrink and remains resilient throughout life of application.

HOOF-LIFE Urethane is specially formulated for easy use and fast set-up. Two formulations are available: **Multi-Purpose** adhesive and **Sole Support**. **HOOF-LIFE Multi-Purpose** can be used to rebuild hoof walls; to build foals extensions; to repair quarter cracks or use as an adhesive to glue just about anything! **HOOF-LIFE Sole Support** can be used to support the hoof capsule with or without the use of pads or mesh. Use for sole protection by applying thin layer over the sole.
